Excellent Villa in Southern Dunes Golf club grounds. The villa has 4 bedrooms and with 7 of us staying was the ideal size. The swimming pool and air conditioning were a god send due to the temperatures in Florida and the 100% humidity.

The villa also has a great Barbeque and is not lacking in facilities in terms of TV, washing machine, dish washer etc.

The garage has a table tennis table and football table - but the garage gets very warm.

The Villa is well located with a Wallmart only a few minutes away in the car, the disney parks are only 20/25 minutes away and very easy to find off Interstate 4.

Also nearby is the excellent "Mannies Chop House" which serves great food at very reasonable prices and the service is 1st class. Also a short 10/15 minute drive into Winterhaven finds lots of good restaurants.

The villa complex is very quiet and a good place to relax after a day out at the theme parks. There is a nearby "club house" pool which is very rarely used and gives you the opportunity to do a bit of swimming.

The golf course in Southern dunes is very good. We bought the mulitpass ticket and played 4/5 times. Bring plenty of frozen water with you!!!
